**Fall 2020 Clinics will meet in 4 hours shifts for 9 weeks (Clinic shifts will end 11/20/20 and not meet through the end of the term. Shifts remain at 36 hours (1.5 credits)).**

Virtual Clinic hour maximums currently set by ACAOM are 270 Internship and 75 Professional/Advanced Observation hours (to be applied to the AOMA 72-Hour "Focus Choice" category), for **345 total allowed hours**. **BUT! If you are completing Body Work** (Tuina, Medical Qigong) for your Focus Choice hours, this will fill the "Focus Choice/advanced observation" category, so interns earning body work hours should try to keep **their virtual hours at or under 270**.

**Schedule with Reagan for Academic Advising if you are in danger of going over!**

**GROUP OBSERVATION** will meet Thursday Mornings, 9:30 am - 12:30 pm (in conjunction with Clinic Theater 1, as in this Summer 2020 term). Students can register for this course through the portal: CL 114 12O Virtual Clinic Group Observation.

For Students who are planning to start internship in Winter 2021, and you have a class conflict with the Thursday AM Observation, please email Reagan to discuss options.
