* College level is defined by total credits completed; this does not include credits enrolled/in progress in current term.				

Online Registration Reminders/Troubleshooting:

Select "SU-21" from the drop down menu before logging in to the portal to register (it will default to the current term (SP-21)). (Change in top left corner if already logged in).

Disable Pop-up Blockers or "Allow Pop-ups" for aoma.edu (Change in your Internet Browser's settings; Search for your browser's specific instructions online if needed).

Run a "Degree Audit" (left-hand menu on portal homescreen) before registering - **you must do this if it is your first time registering online**. This acts to "refresh" the system so that it counts all of your currently-enrolled courses as pre-requisites toward what you are registering for in the future term. (Please see instructions, separate attachment).

Co-Requisite Errors - Check the course number of the co-requisite in the Catalog, and select that course before pressing the "process registration" button.

Pre-Requisite Errors - (1) Did you complete a degree audit (see above)? If so, try logging out of the portal and back in again. (2) Check the course catalog to make sure you have completed the pre-requisites (<https://aoma.edu/my-aoma> -> Program Catalogs -> Course descriptions and pre-reqs toward the end). If you have completed the pre-requisites, and the system still is not allowing you to register, please take a screenshot of the error and email it to aloyd@aoma.edu.

Compare course information in the portal with the PDF schedule posted online. The PDF schedule is the most accurate, master schedule. Check back there for room assignment updates (including on-campus vs. virtual) before classes start. Email Ashley (aloyd@aoma.edu) if you notice differences between portal listings and the PDF schedule.

PDF Schedules: <https://aoma.edu/students/registrar/course-schedules>

Continued Errors? If you have tried the above steps (confirming term, disabling pop-up blockers, running degree audit) and are still running in to difficulty registering, please **email Ashley (aloyd@aoma.edu) a screenshot of the error message** the system is giving.

Note for TRANSFER STUDENTS: Please plan (and make an appointment) to meet with an Academic Advisor prior to registration to make your degree plan. Email Ashley (aloyd@aoma.edu) to register for classes according to your degree plan if the system prevents registration.

Registration Updates:

REGISTRATION BARS: Please make sure you complete your Student Homeroom content and clear up any outstanding balances with Finance before trying to register for the upcoming term. Thank you!

Change to Portal Homeroom Meeting (started WI-20) - Students no longer need to register on the portal for the Student Homeroom Meetings, as we will no longer be tracking attendance through the portal. These meetings will **continue to be required for all students to complete in Brightspace** every term during Week 3.

Change to Portal MAc Group Exit Interview (started WI-20) - Students no longer need to register on the portal for the MAc Group Exit Interview; please schedule to meet with Dami individually (dtokoya@aoma.edu). This remains an Administrative Graduation requirement, and is part of the **Graduation Certification Form** due in your final term. The **Exit Interview** can be completed as early as your 2nd-to-last term.

Clinic Quick Reference		
Clinic Type	How to register:	Notes:
Group Observation and Clinical Theater	Online registration.	Waitlists are managed by the Registrar. Starting Fall 2019, Observation shifts changed to 6 students Observing the Supervisor treating. Due to COVID19 Scheduling needs, there is no in-person Observation for SU-21, all Observation will be Virtual, and meet concurrently with Clinic Theater 1 in the SU-21 term.
Level 1 (w/ Supervisor)	In Clinic Theater 2	Rotations reserved for first term interns - Room with 4 Interns and Supervisor. (2 shift requirement suspended for 2021 interns due to COVID19 scheduling needs).
Bodywork (Medical Qigong or Tuina)	Zoom registration, by appointment time. Must be shifts with Dr. Xu (MQ) or Fan (Tuina) We will be registering bodywork interns and scheduling patients in the SU-21 term.	Must declare at the time of registration that a rotation is bodywork so that you are registered appropriately. (72 hours (3 credits) required for AOBTA certification). MQ or Tuina not req'd for AOMA graduation, but can be applied toward the "Extra/Focus Choice" Internship category (72 hrs req'd). Bodywork is suspended for the WI-21 term due to Stage 5 City of Austin COVID Restrictions and policy from the AOMA Safety Team, Please plan to register for Bodywork for the SP-21 term if you need to complete these hours, but these appointments might be scheduled and completed as Acupuncture hours if we are unable to offer Bodywork hours. Continue to work toward your overall total AOMA Graduation Requirement Clinic hours (1008 or 972). Bodywork fulfills the 72-hour AOMA "Focus Choice" category.
Community	Zoom registration. VA: See/Email Reagan Taylor	<i>Includes People's Community clinic, Seton-McCarthy, & the VA clinic. Interns must complete a minimum of 60 treatment hours at community clinic locations (AOMA graduation requirement suspended for 2021 graduates due to scheduling/hour/site limitations). Some Community Clinics are restricted to Level 3, but are open to level 2 interns if space allows. <u>VA interns should start the application process at the beginning of the term PRIOR to the intended start term. VA Clinics have resumed.</u> (Discontinued/Closed: Austin Recovery; Suspended Re: COVID19: Seton-McCarthy)</i>
Herbal	Zoom registration appointment.	Only one herbalist per rotation unless rotation allows for another, (i.e. an eight person rotation, with a second herbalist added only once the entire rotation fills; n/a COVID19). Waitlists for herbal rotations do not count against you at your in-office clinical registration.
Herbal Dispensary	Zoom registration appointment.	1-2 Herbal Dispensary Interns per rotation. Required for students who began their Mac Summer 2017 and later. 24-36 hours (1.5 credits = 1 shift in a long term) required in addition to 72 herbal hours. Interns in earlier catalogs can register to complete an Herbal Dispensary rotation to apply toward their 72-hour extra/focus choice category, but will still need to complete their required 72 hours of traditional herbal internship. (Herbal dispensary hours will be surplus/extra hours if this 72-hour requirement is already fulfilled by Bodywork, China Observation, etc).

<p>Advanced & Solo Rotations</p>	<p><i>Zoom registration appointment.</i></p> <p><i>(Requirement Suspended 2021; total hours needed; Clinic Partners suspended = all solo treatments. Multiple rooms suspended re: COVID19)</i></p>	<p>Reserved for level 3 last-term interns, but level 2-3 interns are encouraged to request solo rotations (especially at the North Clinic). Rotations include specialty rotations, solo (2 rooms), solo (3 patients/3 hours), and specialized style. Individuals must declare that they are a level 3 intern when registering for solo rotations. For Level 3 interns in their final or second-to-last term, solo rotations will be held. Other interns can request solo shifts, but it may not be guaranteed. For small shifts, a level 2 or 3 intern will likely be requested to treat solo in order to accommodate more patients. All interns should plan to complete at least 1 solo rotation, as this is a graduation requirement.</p>
<p>Break week</p>	<p><i>Zoom registration.</i></p>	<p><i>4 shifts available per term (generally Mondays South & Tuesdays North). Please indicate during registration if hours are being completed to accumulate hours or anticipated make-up for the same term.</i></p>
<p>Specialty Clinics <i>(Ex. Cureville (SP); Sherwood (SP); Spartan)</i></p>	<p><i>Zoom registration (Generally not at time of main Clinic Registration)</i></p>	<p><i>Cureville rotations are not for first term interns and do not count toward community clinic hours. In addition to AOMA registration, interns must also complete Cureville festival (or other event-specific) paperwork and registration.</i></p>
<p>Clinic Waitlists <i>(Notes, Preferences)</i></p>	<p><i>Best to add: Wednesday of Clinic Registration</i></p>	<p><i>To be added "officially" to a Waitlist at initial Clinic Registration means to use one of your allotted sign-up spots (4,3, or 2) to be on a WL. Generally it is better to save spots in specific shifts, and add yourself to WLs on Wednesday when add/drop begins. During Clinic Registration, The Registrar may make notes about preferences and planned additions for Wednesday, but always plan to follow-up Wednesday for additions!</i></p>
